***"Lou Ann Hamblin is one of the finest trainers I have ever worked with. She has a keen understanding of how the human organism functions both physically and mentally and it shows in her cutting edge training programs. Lou is so much more than a firearms instructor; she is an innovator! She not only builds programs, she solves problems. She has spent her adult life training law enforcement officers and there are quite a few still alive due to her trend setting training. I am quite pleased she has decided to bring her hard learned lessons to the armed citizen arena. Listen to what she has to say... she will give you the confidence needed to PREVAIL against extreme odds"*** Dave Spaulding - Handgun Combatives, LLC
